

Call for applications is now open for the international **MSc programme in Information Technology (IMPIT)**, for applying to the University of Eastern Finland and Lappeenranta University of Technology. Instructions for applying and further information on the programme can be found in the following link: <http://impit.org>

If you are interested in studying both in Finland and in Russia, you can also choose the **Cross-Border MSc programme in Information and Communications Technology (CBU ICT)** at the University of Eastern Finland. These two programmes, IMPIT and CBU ICT, have a combined application process. <http://cs.uef.fi/CBU>

The deadline for applications is February 15th, 2013, and all applications need to be sent through the University Admissions Finland service. The University of Eastern Finland will offer some scholarships for the best applicants. At the UEF, there is no tuition fee in the IMPIT or CBU ICT programmes.

University of Eastern Finland is participating in the interdisciplinary **Erasmus Mundus MSc programme Color in Informatics and Media Technology (CIMET)**. The programme covers innovative areas such as colour, photonics, computer vision and imaging science, computer science and multimedia technology. The application period has started, and all applications should be sent electronically using the server in the programme website:

<http://www.master-erasmusmundus-color.eu/>

Please visit the website for detailed information on the CIMET programme and scholarship possibilities.

If you have any questions concerning any of these programmes, I will be happy to answer them. Thank you for your co-operation!

Best regards,

Laura Hurmalainen (Ms.)
